CAREER SUMMARY

Motivated BCA student with hands-on experience in Data Analytics, Python, and Machine Learning. Skilled in analyzing datasets, building dashboards, and developing practical AI-based projects. Seeking opportunities to apply technical skills in real-world projects and grow in the field of Data Science and AI.

EDUCATION

Bachelor of Computer Application(BCA) – JIMS Vasant Kunj(GGSIUP)

Sep. 2023 – Oct. 2026

CGPA: 8.17

R.K.P Sr. Sec. School

Madina,Rohtak[Haryana]

Class 12(CBSE)

INTERSHIP

Data Analytics Intern — Alethe Labs India Pvt. Ltd.,

June 2025 – August 2025

- Worked on real-world data analytics projects under professional mentorship
- Analyzed datasets using Excel, SQL, and AI-based tools to generate insights
- Performed data cleaning, transformation, and validation to improve accuracy
- Created dashboards and reports for business decision-making
- Strengthened skills in problem-solving and data visualization

PROJECTS

Employee Performance Analysis using Data Analytics

- Analyzed employee datasets to identify performance trends and productivity factors
- Used Excel and SQL for data processing and visualization
- Delivered actionable insights and visual reports to help optimize resource allocation.

IPL Advanced Analytics Dashboard (Python GUI Project)

- Built a Python-based GUI dashboard for IPL data analysis
- Used libraries like Pandas, NumPy, and Matplotlib
- Visualized team performance, player stats, and match insights

CareSync – Smart Medicine Reminder App

- Developed a healthcare-focused app to help elderly users manage medication
- Implemented features like reminders, missed-dose alerts, and caregiver notifications
- Designed system for real-time tracking and improved patient care

TECHNICAL SKILL

Programming & Tools: Python, SQL

Cloud & Backend: Google Cloud Platform (GCP), Firebase Foundations

Data Analytics: Data Cleaning, Data Visualization, Dashboard Creation

Libraries: NumPy, Pandas, Matplotlib,tkinter

Concepts: Machine Learning, AI Automation, Agentic Ai

Tools & Platforms: Advanced Excel, Power BI , AI Productivity Tools, Git, Github , Prompt Engineering

CERTIFICATION

- **Information Technology Fundamentals** *IBM SkillsBuild (2024)*
- **Generative AI Mastermind** *OutSkill (2025)*
- **Excel Using AI Workshop** *OfficeMaster (2025)*
- **Data Analytics Internship Certificate** *Alethe Labs India Pvt. Ltd. (2025)*
- **Generate reports with AI research agents** *Microsoft (2026)*
- **Google Cloud Skills Arcade** *Google (May 2026)*
